Guiding Prompt / Categorization Rules: Group age metrics under Demographic Factors and regional metrics under Geographic Factors.

Category / Group	Findings Count	Taxonomy Role / Analytical Purpose
Demographic Factors	1 key points	PollBot qualitative result segmentation
Geographic Factors	1 key points	PollBot qualitative result segmentation
Methodology & Errors	1 key points	PollBot qualitative result segmentation
identified_gaps	1 key points	PollBot qualitative result segmentation

DEMOGRAPHIC FACTORS

- Senior voters (65+) supported Yes at 58%.

GEOGRAPHIC FACTORS

- Central Alberta had 57% Yes support.

METHODOLOGY & ERRORS

- Margin of error was 2.8%.

IDENTIFIED_GAPS

- Statistical Latency Gap: Reported margin of error measures sampling variance only, leaving non-sampling voter screening bias to be decomposed.

StatBot Autonomous Categorization Agent • Program: 'Polling Error' • Georgian College Course LIAI 1001 • Prof. Evandro Barros
Guardrail Verification: Zero numbers altered • All items strictly grounded in PollBot intelligence.
